uvex phynomic x-foam HV//60054

Description

The uvex phynomic x-foam HV is a patented innovation in mechanical safety gloves category. The deliberate design is intended to enable one or more digits to detach or tear along the perforated seam, should it become trapped in or by a piece of machinery, thus reducing the risk of injury.

Characteristics

- Breathable
- good dry and wet grip
- excellent dexterity

Applications

- Before use an individual risk assessment is mandatory with the support of our uvex glove specialist.
