uvex rubiflex S NB80SZ//60191

Description

A stronger cotton interlock lining with an elastic collar at cuff end is used for these chemical protection safety gloves. The uvex rubiflex S is therefore suitable for many applications that require increased mechanical protection (e. g. temperature) in addition to chemical protection.

Characteristics

- Ergonomic fit
- good resistance to chemicals, acids, alkalis, mineral oils and solvents
- High water vapour absorption due to the cotton lining
- Excellent mechanical properties
- Extremely high flexibility

Applications

- Chemical industry
- drainage construction
- municipal cleaning
