uvex rubipor XS5001B//60316

Description

The uvex rubipor XS is an elastic and lightweight safety glove with breathable NBR impregnation. The uvex rubipor XS offers excellent breathability thanks to the combination of extremely light NBR impregnation and the stretch cotton material. This has been analysed by the Hohenstein Institute's skin model.

Characteristics

- Very good dexterity right to the fingertips
- outstanding fit
- Highly flexible stretch cotton backing material with elastane
- high level of breathability

Applications

- precision assembly work
- small parts assembly
- inspection
- product protection
- sorting

EN 388:2016
