uvex protector NK4025B//60536

Description

This top-quality NBR-coated safety gloves meets the highest requirements of mechanical protection. Thanks to its multilayer technology cotton/HPPE/glass and its dual nitrile coating, it provides excellent cutting protection (level 5) and also achieves impressive resistance times and excellent ratings (levels 4 5 4 4) in the remaining EN 388 categories. The rough surface ensures exceptional grip. The uvex protector chemical model offers additional chemical protection.

Characteristics

- comfortable fit
- Ergonomic fit
- good resistance to oils
- good resistance to many chemicals
- outstanding cut protection
- excellent grip

Applications

- all work with high risk of cuts, or requiring chemical protection
- sheet metal processing
- Chemical industry
- machine and tool construction
