

Product information chemical risks

uvex rubiflex S NB60S//89647

Description

A stronger cotton interlock lining is used for these chemical protection safety gloves. The uvex rubiflex S is therefore suitable for many applications that require increased mechanical protection (e. g. temperature) in addition to chemical protection.

Characteristics

- Ergonomic fit
- good resistance to chemicals, acids, alkalis, mineral oils and solvents
- exceptional abrasion and cut resistance
- Extremely high flexibility

Applications

- Chemical industry
- drainage construction
- municipal cleaning
